

Hi, I am Ellen Romett with the IDEA Partnership. The partners are united in providing important information to the field about the children and youth that we serve so that we can assist those children and youth in making better outcomes. One of the ways that we can do this is by hearing from you. So please go to the *Your Voice* section on the Partnership website. Tell us your stories. Tell us how we can improve the information there. Tell us what tools we need to develop to help you and your colleagues help students achieve their outcomes.
